3. Not an AIS member but want to attend? Email us.

Wednesday, September 1st

By **Bob Sussman**

"An Introduction to Growing Pacific Coast Irises"

ABOUT THE PRESENTER

Bob began Matilija Nursery in 1992 after working in banking and finance for several years. Matilija is primarily a California native plant nursery with Pacific Coast irises being emphasized in the last 10 years. His hybridizing techniques have focused on irises that seem to be relatively well adapted for the warmer Southern California region. Bob is President of the Society for Pacific Coast Native Iris.

Wednesday, September 8th

By **Wendy Scott**

"Beauty from the Past, Saved for the Future"

ABOUT THIS PRESENTATION

HIPS (Historic Iris Preservation Society) outlines the different preservation programs that growers can participate in to help preserve the legacy of hybridizers. Gardeners with large or small gardens can find ways to participate in preservation of historic beauties. In our AIS webinar, learn more about the Guardian Gardens program, iris rescues, Breeder Collections, Display Gardens, Posterity Planning, our PBF project. Wendy is in her second term as HIPS President. Prior to that, she served as the South Central Regional Director for HIPS.
